I enjoyed the variety of information, available resources, talking and sharing with other parents who have some of the same issues/challenges.

The best part was the honesty, intimacy and sincerity shared by presenters and attendees.

I will use the resources and information to help support my daughter and to share with her team

at school.

This event was very professional, thoughtful and useful.

Past Participants

Say...

The things that I learned today I will be able to use for many years to come.

I was very impressed with the way it was run and how smoothly the conference was conducted.

Anyone who has a child or works with a child that has hearing loss should come to this conference.

The best part
of the
conference
was meeting
other
parents and
professionals
who get what
my child and I
are going
through!

It was great meeting other parents in my area!

The people/agencies that put this conference together made it very easy to understand it all.
