OVERVIEW

Super Fest - Basketball is an inclusive basketball clinic and scrimmage experience held the day before the Women's Basketball All Star Game in Chicago. **Super Fest's** purpose is to showcase inclusion and provide an opportunity for youth of ALL abilities, including those with developmental disabilities, to participate together with their peers, be genuinely welcomed and made to feel a part of the festive weekend. The skills based clinic culminates in a scrimmage opportunity.

After seven successful years of **Super Fest - Football** during the Big Game weekend, we are thrilled to be branching out to provide a basketball opportunity during the Best of the Best women's basketball weekend.

*Learn from Doug Bruno, Head Coach,
Women's Basketball, DePaul Univ.*
