WHAT ARE PAST CHILD'S VOICE ATTENDEES SAYING?

"I found the Parent Advocacy Training Workshop to be extremely helpful. Andrea is incredibly knowledgeable, experienced, and empathetic. She was able to explain complex legal concepts in simple layman's terms while giving us the chance to ask questions and make the learnings highly actionable. Highly recommend this workshop for anyone who may need to negotiate with a school district on behalf of their children."
~ Bruce J

With Andrea's guidance, we have felt more prepared and confident in navigating the nuances of the IEP process. We are more equipped now to get the most appropriate placement for our daughter, and realize that successful outcomes are the result of collaboration of the entire team, and that we as parents are an equal part of it. We highly recommend any parents going through the process to take Andrea's workshop to gain knowledge from her expertise and her first hand experience as a parent herself.
