HEALTH INSURANCE

Aid to the Aged, Blind and Disabled (AABD), Public Aid, Medical Card

Program description: Aid to the Aged, Blind and Disabled (AABD) is a health insurance program for low-income individuals with disabilities who need help getting and paying for medical benefits. Medicaid helps pay for most health services.

To be eligible, you must:

- Be an Illinois resident and a U.S. citizen or qualifying non-citizen
- Meet certain income and asset limits
- Be blind or disabled¹

Notes:

- See the Affordable Care Act and additional adult coverage on page 4.
- Medicaid also offers Family Health Plans. FamilyCare provides health care to parents and caretaker relatives. Moms and Babies provides health care to pregnant individuals. For information, call the Health Benefits Hotline at: (800) 226-0768 or (877) 204-1012 (TTY).
- This program is a state-based health insurance and generally cannot be used outside of Illinois.
- If your application is denied, you may appeal the decision.

Apply Online: abe.illinois.gov/abe/access/. This is the preferred way to apply for Medicaid.

Medicaid Managed Care Plans

All Kids and Medicaid members must enroll in HealthChoice Illinois. This is required in all counties. HealthChoice Illinois is a managed care program for Medicaid members. Each member gets to choose the plan they want. Each managed care plan (MCO) has a network of doctors and hospitals that members must use. The managed care plans may also provide some additional benefits to their members. These are important factors to consider when choosing a plan.

Once enrolled in a plan, a member will stay in that plan for 12 months. A member can choose a new plan once per year.

DSCC participants in the Home Care Program are not required to enroll. Members with comprehensive private insurance are not required to enroll. Most All Kids and Medicaid members are required to enroll.

For more information on managed care plans available, visit:

enrollhfs.illinois.gov/choose/tips-help-you-choose

For help choosing or enrolling in a managed care plan:

Go to enrollhfs.illinois.gov or call HFS Client Enrollment Services at (877) 912-8880/(866) 565-8576 (TTY) Monday through Friday from 8 a.m. to 6 p.m.

HEALTH INSURANCE

The Affordable Care Act (ACA)

Program description: On March 23, 2010, President Obama signed into law the federal health reform legislation known as the Affordable Care Act (ACA). The purpose of the legislation is to assure that all Americans have access to affordable health insurance. All Americans are required to have health insurance. Here are a few ways to get coverage:

- Through an employer
- Through a public program such as Medicaid
 - You can apply for Medicaid programs at any time. There is no open enrollment period for Medicaid applications.
- Purchasing health insurance from the MarketPlace
 - Purchasing health insurance from the MarketPlace is limited to certain times:
 - ◆ Open enrollment (a pre-determined time when you can enroll in a privately purchased health plan).
 - ◆ A qualifying event such as loss of employer coverage or you are no longer eligible for dependent coverage through your parent's health plan.

To apply online or find someone to help you apply for coverage, visit:

HEALTH INSURANCE

Health Benefits for Workers with Disabilities (HBWD)

Program description: This program aims to help people with disabilities work and still maintain Medicaid healthcare benefits. This program allows individuals with disabilities to work without fear of losing health insurance.

To be eligible, you must:

- Be an Illinois resident, U.S. citizen, or qualifying non-citizen
- Meet income and assets limits¹ (much higher than income/assets limits for Medicaid)
- Be disabled²
- Be employed and show proof of payment of Federal Insurance Contributions Act (FICA) or Illinois Municipal Retirement Fund (IMRF)
- Be 16 through 64 years of age

For more information: You may download an online application or request an application to be mailed to your home.

¹ Income less than or equal to 350 percent of the Federal Poverty Level; assets of \$25,000 or less. Your house, one car, most retirement accounts, and your medical savings account don't count toward your asset limit.

² Social Security Administration definition, a severe impairment that prevents gainful activity or ability to earn more than \$1,470 per month (2023 definition).

HEALTH INSURANCE

Medicare

Program description: Medicare is a federal health insurance program that's available to some people under age 65 with disabilities. Medicare will help pay for most healthcare services. Individuals may have to pay a premium, deductible, and co-insurance. There are programs to help with these out-of-pocket costs.

If you are under 65 and receive Social Security disability benefits for 24 months or certain other disability retirement benefits for 24 months, you may be eligible for Medicare Part A, Hospital Insurance. Individuals with End-Stage Renal Disease (ESRD) or Amyotrophic Lateral Sclerosis (ALS), also called Lou Gherig's Disease, are eligible to receive Medicare as soon as they begin receiving Social Security disability benefits with no waiting period.

Children with disabilities who have a parent who receives Medicare may be eligible, usually after a 24-month qualifying period.

To be eligible for Medicare under the age of 65, you must:

- Be a U.S. citizen or qualifying non-citizen - AND -
- Receive Social Security disability or railroad retirement disability, - OR -
- Be a child with disabilities whose parent receives Medicare

PRIVATE INSURANCE

Aetna, Blue Cross, etc.

Program description: Many children and adults have private insurance from a parent's employer plan. Federal law now requires most group insurance plans to offer coverage up to age 26 for all dependents. Illinois extends this to age 30 for dependents who are military veterans.

Illinois also requires that insurance plans cover the policyholder's adult child if they are incapable of sustaining employment and dependent on their parents or other care providers for lifetime care and supervision. There must be proof that the parent/guardian provides more than 50 percent of the yearly living expenses and the adult child is claimed as a dependent on the parent/guardian's tax returns. Adult child dependent status is subject to annual review.

Speak with the insurance company or employer to find out how long children will be covered under the plan.

OTHER HEALTHCARE PROGRAMS

University of Illinois Chicago's Division of Specialized Care for Children (DSCC)

Program description: DSCC partners with Illinois families and communities to help children and youth with special healthcare needs connect to services and resources. DSCC staff work together with families to address a child's medical, social, behavioral, educational and financial needs. This process is called care coordination and is free to all eligible families.

To be eligible, you must:

- Be an Illinois resident
- Be age birth to 21 years old
- Have or be suspected of having a chronic medical condition in one of the following categories:
 - Blood disorders
 - Cardiovascular impairments
 - Craniofacial and external body impairments
 - Eye impairments
 - Gastrointestinal impairments
 - Hearing impairments
 - Inborn errors of metabolism
 - Nervous system impairments
 - Orthopedic impairments
 - Pulmonary impairments
 - Urogenital impairments

DSCC also serves children and adults who need in-home shift nursing through the Home Care Program. DSCC operates the Home Care Program on behalf of the Illinois Department of Healthcare and Family Services (HFS). This program helps youth remain in their family home rather than a hospital or skilled nursing facility.

OTHER HEALTHCARE PROGRAMS

Mental Health Emergency Mental Health Services

In Crisis/Emergency: Call 911
(general emergency or potentially life-threatening)

988 Suicide and Crisis Lifeline: Call or text 988 or chat at 988lifeline.org/

What is 988?

- 988 is confidential, free and available 24/7
- It is a direct connection to compassionate, accessible care and support for anyone experiencing mental health-related distress, including family, friends and/or caregivers.

Can youth use 988?

Lifeline Call Centers will accept all calls, chats/texts no matter the age of the caller. They provide follow-up regardless of age. Call centers have resources and referral options across the lifespan. Call center specialists are trained to modify language/word choice as appropriate for different callers, including when talking to children.

Additional measures around confidentiality are also in place in regard to follow-up procedures for children. These measures include ensuring the child has access to the phone again and that it is their own phone they are using.

When can you use 988?

If you or someone you know is having thoughts of suicide or experiencing a mental health or substance use crisis (not just for someone who is actively suicidal).

OTHER HEALTHCARE PROGRAMS

Mental Health Emergency Mental Health Services

Screening Assessment and Support Services (SASS) Program:

Contact the 24-hour Crisis and Referral Entry System (CARES) at (800) 345-9049 or TTY at (773) 523-4504 if you feel that your child is currently experiencing a mental health crisis (suicidal and/or homicidal, actively aggressive towards self or others, etc.) A SASS worker will complete an assessment in-person to ensure your child receives crisis services in the most appropriate setting.

This statewide initiative:

1. Provides screening, assessment and treatment of any child who may be at risk of psychiatric hospitalization and who is eligible for public funding under any program funded by one of the three collaborating departments.
2. Enhances access to coordinated community-based mental health services either in lieu of or following inpatient care and screening.
3. Effectively links families and guardians to the appropriate level of care to meet the mental health treatment needs of their child.

Eligibility criteria:

- Children under the age of 18 seeking public funding for psychiatric services through DHS.
- Children and adolescents under the age of 21 enrolled in HFS' medical programs, including All Kids.
- Any person for whom the Illinois Department of Children and Family Services (DCFS) has legal responsibility.
- For children with dual insurance (Medicaid or All Kids as the secondary), CARES should be called at the time of a psychiatric crisis.
